A leaflet can be a great way to engage with people, and we can help you create a Living Streets-branded leaflet that helps promote your group.

JOIN BAMFORD LIVING STREETS GROUP

We are Living Streets, the UK charity for everyday walking.
Local Groups create change one street, community, town and city at a time. We encourage people to reclaim their streets and create a community feel.

We are based in Bamford, a village in the Peak District in Derbyshire. We support and campaign to make walking and cycling the natural transport choice for short journeys. We also organise and facilitate social events around active travel. We meet once every six weeks, online and in person at Bamford Social Club.

Everyone is welcome to become part of our group!
